

The treemap visualization displays the distribution of housing types and their characteristics for the 2016 Census of the City of Vancouver. The data is organized into three main sections: 'Below Avg' (purple), 'Above Avg' (olive green), and 'Detchd' (teal). Each section contains sub-sections representing different housing types and their characteristics, with numerical values indicating the count or proportion of each category.

Below Avg (Purple Section):

- Attchd (Attached):** 2 (Left), 1 (Right)
- Detchd (Detached):** 1 (Left), 2 (Right)
- Basement:** 3 (Left), 1 (Right)
- CarPort:** 2 (Left), 4 (Right)
- BuiltIn:** 2 (Left), 1 (Right)
- No_Garage:** 1 (Left), 2 (Right)

Above Avg (Olive Green Section):

- Attchd (Attached):** 2 (Left), 1 (Right)
- Detchd (Detached):** 3 (Left), 2 (Right)
- BuiltIn:** 3 (Left), 2 (Right)
- No_Garage:** 1 (Left), 2 (Right)

Detchd (Teal Section):

- Detchd (Detached):** 1 (Left), 2 (Right)
- BuiltIn:** 3 (Left), 2 (Right)
- No_Garage:** 1 (Left), 2 (Right)
